Strategy of BBR Bank

For the period of implementation of the development Strategy (2018-2022), the following financial indicators are set as targets:

- Maintaining the rate of regulatory capital generation at least 5% per year, excluding contributions of from shareholders, starting in 2020.
- Maintaining the return on balance sheet capital by profit after tax at least 4.5% per annum, starting from 2020.
- Net interest margin is not less than 6% per annum.

When developing the strategy, we relied on the Bank's strengths:

- Consistency in customer relations;
- Deep expertise in a number of products, primarily in foreign trade support and business lending;
- Human and professional qualities of employees.

Risk management

BBR Bank has built 3 lines of compliance protection:

The operational front-line of Bank is the owner of the risk, accepts and manages risks in the course of its activities.

The compliance service and the risk management service are collectively responsible for further risk identification, measurement, monitoring and reporting across the organization as a second line of defense, acting independently of the first line.

The internal audit service is the third line of defense, within the framework of which inspections are carried out to identify individual types of risk, as well as General inspections and consistent supervision.

The Bank constantly monitors transactions for compliance with the Bank's AML procedures, as well as to identify clients whose activities may be related to ML/FT.

The Bank fully complies with the requirements of the Russian legislation on countering the legalization (laundering) of proceeds from crime and the financing of terrorism (AML procedure):

- internal control Rules have been developed to counteract the legalization (laundering) of proceeds from crime, the financing of terrorism and the financing of the proliferation of weapons of mass destruction»;
- a responsible employee has been appointed – a special official responsible for implementing the above-mentioned rules.
- it does not maintain correspondent relations with banks registered in States (territories) that do not participate in international cooperation in the field of countering the legalization (laundering) of proceeds from crime and the financing of terrorism.
- does not establish or maintain relations with non-resident banks that do not have permanent management bodies in the territories of the States in which they are registered.
